HOW DOES IT WORK ?

The app's features :

- Use the PO-SCORAD to assess the severity of your eczema

- Visualize the evolution of your eczema thanks to a curve and an intuitive interface
- Prepare your medical appointment with your general practitioner or your specialists using questionnaires (history of the disease, DLQI, TOPICOP)
- Share by email all the history of your disease and the reason for your consultation with your doctor
- Obtain the follow-up of the consultation with your doctor directly in the app
- Find advice, tools, videos and the directory of health professionals specialized in eczema around you
